

PERFORMANCE BASED FUNDING

2022 METRIC DEFINITIONS

1. Percent of Bachelor's Graduates Enrolled or Employed (\$30,000+)

One Year After Graduation

This metric is based on the percentage of a graduating class of bachelor's degree recipients who are enrolled or employed (earning at least \$30,000) somewhere in the United States. Students who do not have valid social security numbers and are not found enrolled are excluded. This data now includes Florida data from all states and districts, including the District of Columbia and Puerto Rico; and military enlistment as reported by the institutions.

Sources: State University Database System (SUDS), Florida Department of Economic Opportunity (DEO) analysis of State Wage Interchange System (SWIS), National Student Clearinghouse (NSC).

2. Median Wages of Bachelor's Graduates Employed Full Time

One Year After Graduation

This metric is based on annualized Unemployment Insurance (UI) wage data from the fourth fiscal quarter after graduation for bachelor's recipients. This data does not include individuals who are self-employed, employed by the military, those without a valid social security number, or making less than minimum wage. This data now includes Florida data from all states and districts, including the District of Columbia and Puerto Rico.
