SUMMARY: Regulation 8.010 was approved for public notice for adoption at the June 18, 2010, meeting of the Board of Governors. Common prerequisites were first implemented by the State in 1995. Common prerequisites, lower-division courses that are required for progression into the upper division of baccalaureate degree programs at state universities, ensure that students are prepared for upper-division coursework while providing smooth articulation between State University System and Florida College System institutions and programs. This regulation provides the framework for policy ensuring smooth articulation into baccalaureate programs.
